

Peters 9X19 Box Styles
Purchased by Remington in 1934
(Please send additions, comments and corrections to
lcurtis@gigconceptsinc.com)

This is just the beginning of the data on Peters. If you have any Peters boxes, particularly in 9mm please send them to me with the data indicated below. The "Bought:" is any kind of independent date that may help confirm when the box was made. The "PD:" is the Print Date which is the tiny date printed on the labels of some boxes that may help date them.

Just yet I am not interested in Peters boxes what have a Remington company name on them. The new IAA Journal (issue 469) will have an article on Remington box codes which may cover the Peters boxes made by Remington.

Any help appreciated!!!

Code: 9 53EP Bought: ? PD: 41-C
Hst: PETERS Cal: 9x19

P #1 Also:
1.

Code: 7 C 31 Bought: ? PD: none
